Copyright and Clearance Information

**TRB's copyright of papers -**
Authors of papers included in the Compendium of Papers on the Annual Meeting Online website and authors of papers published in the *Transportation Research Record: Journal of the Transportation Research Board (TRR)* have assigned copyright to the Transportation Research Board of the National Academies. TRB waives the copyright for the abstracts of the papers; however, we ask that any publication of an abstract include a link to the TRB Publications Index, [http://pubsindex.trb.org/](http://pubsindex.trb.org/).

To obtain copyright permissions for papers in the Compendium of Papers on the Annual Meeting On-Line website or those published or accepted for publication in the Transportation Research Record, contact Phyllis Barber at pbarber@nas.edu or 202-334-2972. TRB does not grant permission to publish online any paper that has appeared or that will appear in the *TRR*; however, it is permitted to post the abstract of the paper with a link to the TRB Publications Index. TRB has a policy of working with authors to grant copyright permission whenever possible; it is critical to check.

**Before submitting a paper to TRB -**
- Authors must secure necessary clearances and written permissions for presentation or publication from any contracting or supervisory agencies involved in the research or from holders of copyrights on material used in the paper.
- Authors must have concurrence from coauthors or coworkers involved in the paper development before submitting papers for presentation or publication by TRB, and all contributions to the work must be properly acknowledged.
- If a paper accepted for publication contains previously copyrighted material, authors must obtain written permission from the copyright holder(s). This permission must be provided to the TRB Publications Office at the time the paper is submitted for publication in the *TRR*.

**When submitting a paper to TRB -**
- Authors are asked if they want their paper included on the Annual Meeting Online website. This is an important decision – if the paper is included on the website, you assign to TRB the copyright to that version of the paper. Other journals may consider a paper that appears on the Annual Meeting Online website to have been published and may therefore decline to consider it for publication.
- Authors must disclose if the paper has been submitted elsewhere. The paper can still be reviewed for presentation if it has been submitted or published elsewhere. However, if the paper has been submitted elsewhere, authors must not grant permission to include their paper on the Annual Meeting Online website.
- TRB will review and consider publishing papers that have already been published if the other publisher has granted you the copyright.

Our reviewers are working with most of the other transportation journals around the world – complete disclosure is the best policy.
