

Transportation Research Board 91st Annual Meeting

January 22–26, 2012 ■ Washington, D.C.

TRB ANNUAL MEETING POSTER SESSIONS – SCHEDULE CHANGE FOR 2012

Each poster session at the 2012 TRB Annual Meeting will be 1.75 hours in duration – the same as for lectern sessions.

This is a reduction from the 2.5 hours scheduled for each poster session at previous TRB Annual Meetings. The change will allow more poster sessions to be conducted to accommodate the growing number of papers being received for presentation at the TRB Annual Meeting. In addition, 68% of recent poster session presenters responding to a September 2011 poll supported the change to shorter poster sessions.

Poster session presenters and attendees are urged to pay close attention to the starting and ending times for each poster session, as these will be offset by 30 minutes from the starting and ending times of parallel lectern sessions. In addition, poster session presenters on Monday and Tuesday mornings will need to be efficient in setting up and removing their posters, as there will only be 30 minutes between poster sessions in the same room.
