

Safety and Public Health Sessions at 2020 TRB Annual Meeting, 11/21/19

Note: there are many more sessions on various aspect of safety and air quality than fit on this chart; see the full online program for these sessions.

	Time	Sessions: Number and Title				
Sunday	9:00 am–12:00 noon	1035-Strategic Approaches for Advancing Infant and Child Occupant Protection: Birth to 15 Years		1036-Cannabis Legalization: State, Provincial, and Local Metrics to Assess Outcomes	1038-Protecting Cyclists at Intersections: Design Guidance, Research, and Knowledge Gaps	
	1:30 pm–4:30 pm	1076-Developing Local Road Safety Plans: Partnering with State DOTs, Municipal Planning Organizations, and Local Agencies		1077-Use of Safety Performance in Day-to-Day Transportation Decision Making	1078-The Future of Graduated Driver Licensing: Building a Framework for Best Practices	
Monday	8:00 am–9:45 am	1125-Research on Safe Mobility of Older Persons			1144-Bicycle Research Poster	
	10:15 am–12:00 noon	1168-Understanding and Mitigating Exposure to Traffic-Related Air Pollution		1169-Emerging Issues with Per- and Polyfluoroalkyl Substances (PFAS) and Other Organic Contaminants in Transportation, Part 1	1188-Tools for Transforming Road Safety Practice to Safe Systems	
	1:30 pm–3:15 pm	1261-Pedestrian Interactions with Other Road Users		1284-Transportation Safety Management from Start to Finish	1285-New Trends in Research on Human Factors and Vehicle User Characteristics	
	3:45 pm–5:30 pm	1290-Incorporating the Opioid Epidemic into Highway Safety Planning	1317-At-Risk Vehicle Operators: Research and Practice for Novice and Experienced Drivers		1341-Truck and Bus Safety Research	1343-Advances in Safety: ITS, ADAS, CAV, and Traffic Engineering Solutions
	6:00 pm–7:30 pm	1350-What Is Novel and Innovative in Novice and Experienced Driver Behavior Research—Hybrid Session			1358-Focus on Pedestrian and Bicycle Safety	
Tuesday	8:00 am–9:45 am	1370-Train Noise and Vibration Reduction at the Source: Recent Success Stories at Rail Transit Properties			1393-Measuring the Pedestrian Environment	
	10:15 am–12:00 noon	1462-Relationships Between Mobility and Health Disparities				
	1:30 pm–3:15 pm	1541-Cannabis: Understanding the Legalities, Attitudes, Economics, and Scientific Challenges			1550-State DOT CEO Roundtable: Toward Zero Deaths: State DOTs Renewing Focus on a National Public Health Crisis	

Tuesday, cont.	3:45 pm– 5:30 pm	1587-Equity and Environmental Justice Issues in Bicycle and Pedestrian Planning	1607-Vulnerable Road Users: Simulator and Virtual Reality Analyses	1630-Environmental Justice in Transportation Equity	1639-Improving Safety Through Traffic Enforcement Design and Implementation	1641-Current Research on Alcohol, Other Drugs, and Transportation	1642-Research on Safety Mobility of Older Persons
	6:00 pm– 7:30 pm	1653-Poster on Transportation and Land Development					
Wed	8:00 am– 9:45 am	1690-Health, Transportation, and Emerging Research					
	2:30 pm– 4:00 pm	1750-Driver Distraction and Fatigue					
Thurs	8:00 am– 12:00 noon	1772-Near-Road Air Quality: Current Conditions and Analysis Insights
