

Please submit your abstracts at:

<http://pressamp.trb.org/submissions/default.asp?event=486>

(if the link does not work please copy and past it into your web browser)

Submission Instructions

Once you are at the login page you will need to login using your existing TRB ID, or create a new ID. If you are not sure if you have a TRB login, or can't remember the password, contact Matt Miller at mamiller@nas.edu and he will be able to help you login to the system.

Once you have logged into the system you will need to click on the link titled "**Create a New Paper.**" Although you are submitting an abstract, the system is designed to collect papers, so your submission will be treated as a paper submission. On the next screen you will be prompted to enter the "Title" and "Abstract", as well as the track you are submitting your abstract to. Once you have copied and pasted this information into the boxes hit the **Save/Next->** button.

You will now be asked to enter your contact information for yourself and any coauthors. Once all author information is added hit the **Author/Coauthor Information is Correct** Button.

You are now at the final submission step. In order for the system to accept your abstract you must also submit it as a Word or PDF file to the system. Please click on the link that says "**Submit a File.**" Select your file using the Browse button and click Upload Now.

Once the file is uploaded click the button that says **Submission is Complete.** You must click this button or your submission will be incomplete.

If you have any questions or problems please contact Matt Miller at mamiller@nas.edu or (202) 334-2608.
