## Web App - Dashboard

- Each web app has it's own "Dashboard" page.
- Product announcement, helpful links, and forums.
- The system know which Organization the user belong to and welcomes them accordingly.
- From any page the user can go to a different web app.

# Procurement Pro

## Definition

ProcurementPRO is a web-based application that walks a user through a 7 step procurement process. During these steps we ask for the procurement Type, cost, methods and based on the answers we filter the various clauses and the system will produce a document that the end user can print out. This tab structured document will assist the end user in managing their procurement project.

# Website Builder

## Definition

The Website builder is a content management system that allows any organization to create a website in minutes. They have over 200 templates to choose from, as well they can create a custom header and background for their site.

- Public or Private Pages
- Forms
- Images & Videos
- Blogs
- Scrolling Text
- News
- Rss
- RTAP Web Apps and much more

### National RTAP's Free Website Service...

Our website templates have all of the features you need to build and manage a great looking website — all designed via familiar web-based tools — no programming or HTML knowledge is needed. Create pages using text, images, links, and even add video to your site. Blogs, calendars, file downloads, photo galleries, and more are easy to create and maintain. Want to view your website's traffic statistics? It's all built-in!

**Here are some of the features that are available in your new website. It's all included at no cost.**

Check out this list of great features... all built into your site. But don't take our word for it, **create your FREE website today** and see for yourself.

#### Simple website management

Create pages, add and edit content, and build your website with easy-to-use tools. Getting started is a snap. [Watch a quick video overview »](#)

#### WYSIWYG editing

Our web-based editor is so easy to use. It lets you edit text, add images, embed media, create links, and much more — all through simple-to-use tools. [Watch a quick video demo »](#)

#### Blog

Add a blog to your website in just seconds and start posting immediately. It's all built-in. You get automatic archiving, tagging / categories, comments with moderation and spam protection, syndication with RSS, and more.

#### HTML code access

Code view gives more advanced editors direct access to the HTML. Just click an icon to switch between visual editing and code view.

#### Professionally designed templates

Choose from a wide variety of beautiful web design templates, then customize the design to make it your own!

# Website Builder

## Custom Sites

- National RTAP
- Pelivan Transit
- Region 6  
Planning Commission
- Oglala Sioux Transportation
- CASTA
- AZTA
- Arizona DOT

The screenshot displays the National RTAP website builder interface. At the top, it features the National RTAP logo and contact information: "Click to Chat", "Click to E-mail", and "Call now : 888-589-6821". Below this, there are navigation links for "Login" and "Contact Us".

The main content area shows several website templates. One prominent template is for "Pelivan Transit", which includes the text: "Owned & Operated By Grand Gateway EDA & Northeast Oklahoma Tribal Transit Consortium" and "REGION 6 Planning Commission". Another template is for "REGION 6 Planning Commission", featuring a navigation menu with "HOME" and "FEES" buttons, and a main heading "REGION 6 Planning Commission".

At the bottom of the interface, there is a large red button labeled "TRANSPORTATION DEPARTMENT" with a circular logo for the "OGLALA SIOUX TRIBE". Surrounding this logo are several smaller buttons: "TRANSIT", "CONSTRUCTION", "GIS/GPS", "MOTOR FUELS", "ROAD MAINTENANCE", and "HIGHWAY SAFETY".

At the very bottom of the interface, there is a footer with the text: "Terms Of Use | Privacy Statement | Login | Register" and "Copyright 2010 Oglala Sioux DOT/Transit".

# Communication

## Definition

The Communication app allows organizations to put a sign up form on their website for their website visitors to register for email, text and desktop communication.

- Subscribe & Unsubscribe
- HTML Templates
- Track Open Emails

The screenshot displays the 'Rural Transportation Provider' dashboard. On the left is a navigation menu with sections: 'Web Apps', 'Resources', 'Communicate', 'Events', 'Procurement Pro', 'Members', and 'Admin'. The 'Communicate' section is expanded, showing options like 'Send Message', 'Groups', 'Message Type', 'Member Signup Code', 'Archive Code', and 'Group Reports'. The main content area features a 'Welcome: Frank Condon (Logout)' message, 'Web Apps' section, and a 'Resources' section with 'Learning Center (Help)' and 'Live Support (Help)'. A central 'eNEWS Sign - Up' form is highlighted with a callout box, containing fields for 'First Name', 'Last Name', and 'Email', and a 'Continue' button. Below the form is a table of messages with columns for 'Edit', 'E-mail', and 'Print'. The table lists three entries: 'Bus Purchase - city of Simpsonville', 'Bus Stop - city of Simpsonville', and 'Bus Purchase - city of Simpsonville'. The right sidebar contains 'Quick Tips', 'Video', and 'Live Support' sections.
