

NATMEC

Improving Traffic Data Collection, Analysis, and Use

Held in Conjunction with the International Conference on Weigh-in-Motion (ICWIM)
<http://iswim.free.fr/icwim6>

June 4–7, 2012

**The Fairmont Dallas
Dallas, Texas**

Organized by
Transportation Research Board

Supported by
**Federal Highway Administration
Office of Highway Policy Information**

Hosted by
Texas Department of Transportation

Cosponsored by
**American Association of State Highway and Transportation Officials
North Central Texas Council of Governments**

www.NATMEC.org

NATMEC 2012 provides an opportunity for traffic monitoring professionals to exchange and share information related to the collection, management, and use of monitored traffic data in all applications. Attendees will have the opportunity to network with local state and federal representatives along with peers, industry representatives, and vendors of equipment and software.

If you are a state or regional traffic data collector, traffic data user, manager of data programs, or vendor, your participation is welcome at NATMEC 2012. NATMEC is the premier venue for sharing experiences on effectively monitoring traffic flow, whether for operational decision making, planning, or program management.
