

"Streamlining Assessment and Capital Planning with Standardization, Coordination and New Technologies"

Presented by

David M. Springstead

Senior Director of Engineering & Development

Developed by

Susan Thomas

Asset Management/SGR Project Manager

&

Peter Bruno

Asset Management/SGR Business Analyst

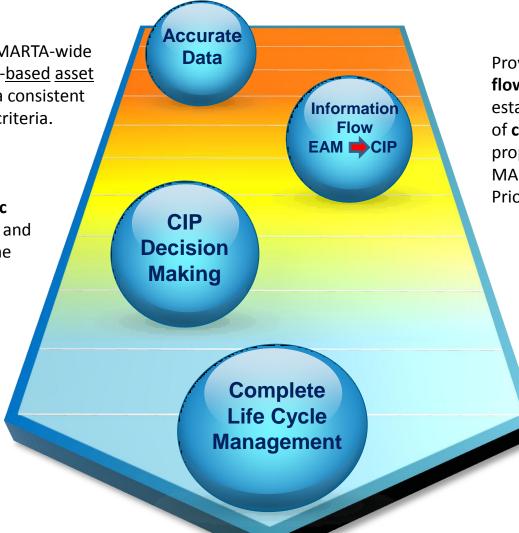

Asset Management Vision

Implement a single MARTA-wide system for <u>condition-based asset</u> replacement, using a consistent set of prioritization criteria.

Establish a **systematic program** to prioritize and identify projects in the long-range Capital Improvement Plan.

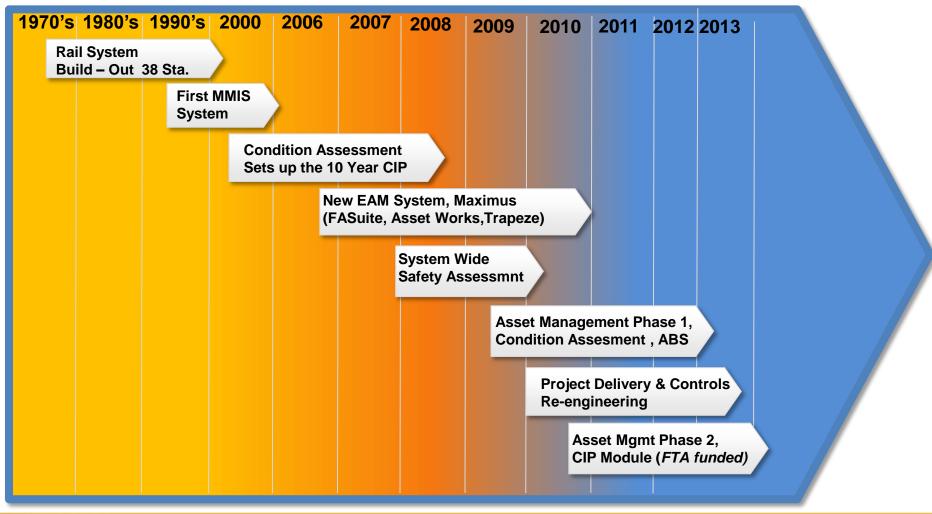

Provide a continual flow of information for establishing the priority of capital initiatives properly aligned with MARTA's Strategic Priorities.

> **Deliver projects** using the most cost effective delivery method for the application; ensure deliverables required to manage the investment over its **complete life cycle** are accounted for.

MARTA's Systems Approach to AMP

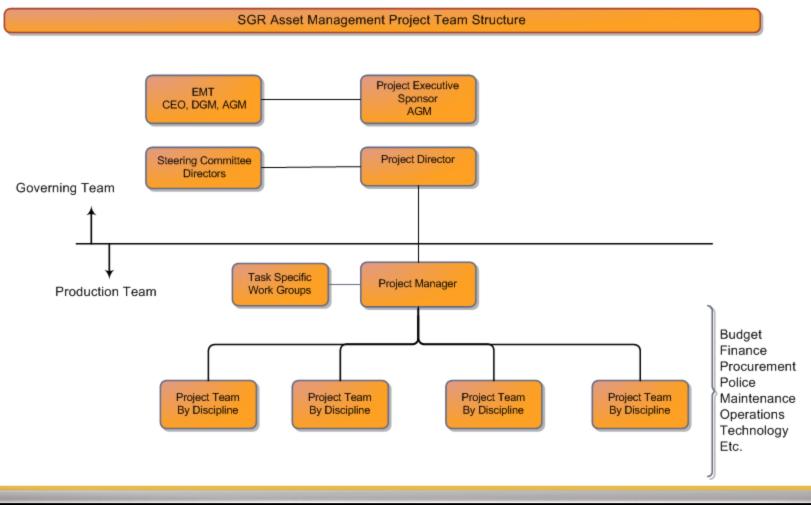

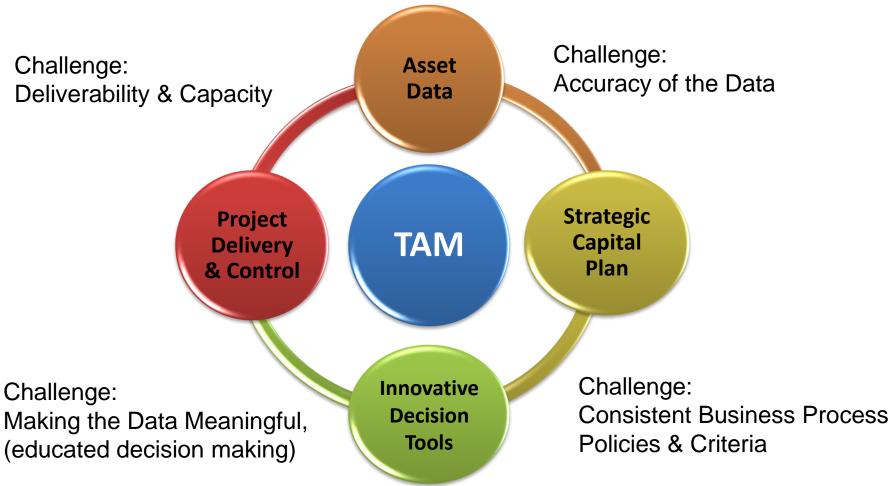

Project Team Structure

marta 🔨 🚬

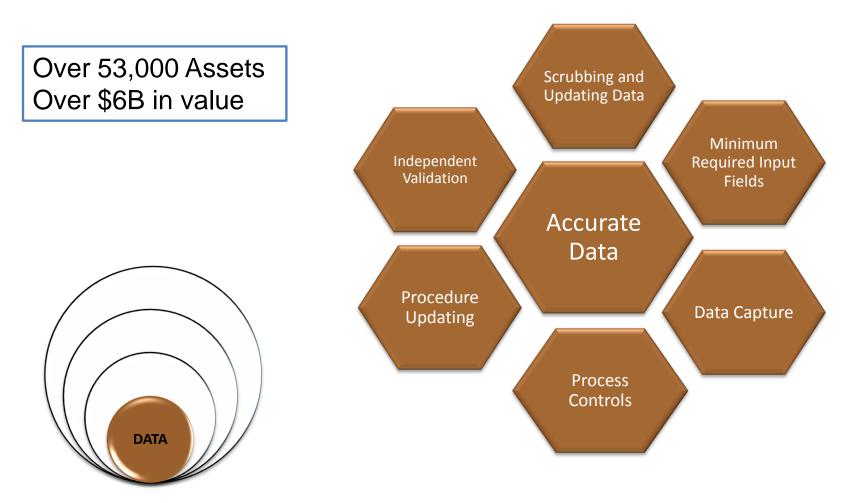

Four Building Blocks of MARTA's TAM Program

Solid Accurate Asset Data

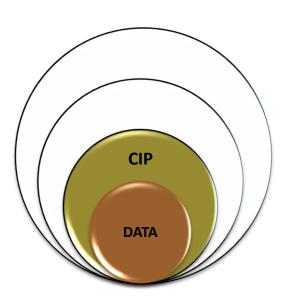

Strategic Capital Improvement Plan

Annual CIP dropped from \$386M to \$185M over a 4 years period due to tax revenue shortfalls.

Capital Projects Condition Options: Meeting Critical Needs First

The Right Tool Creates Transparency!

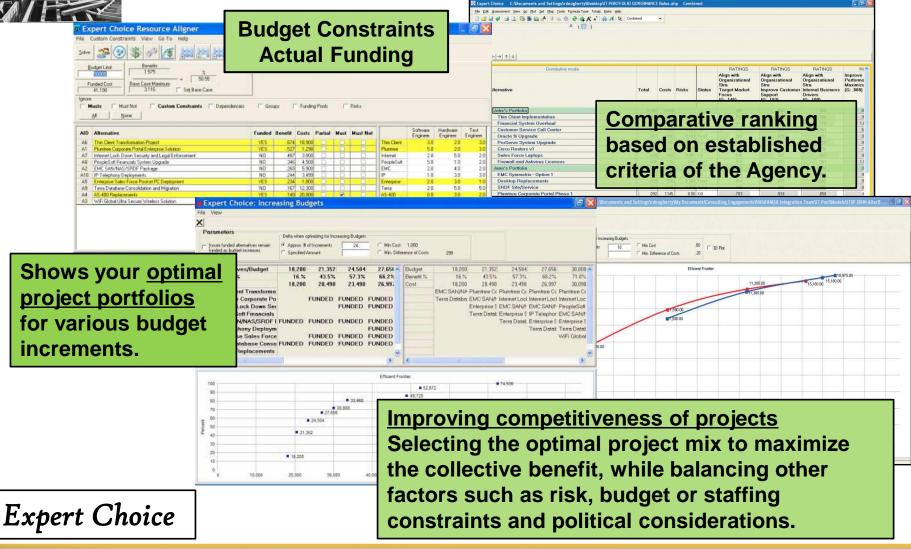

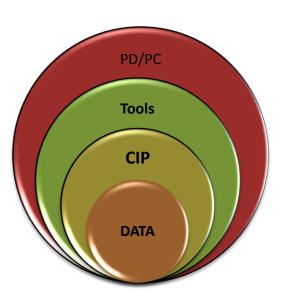

Decision Tool Utility

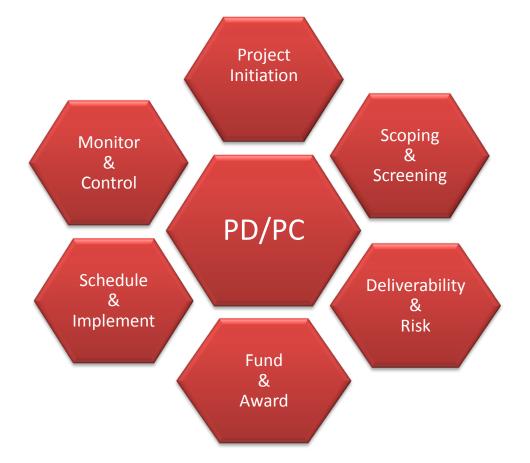

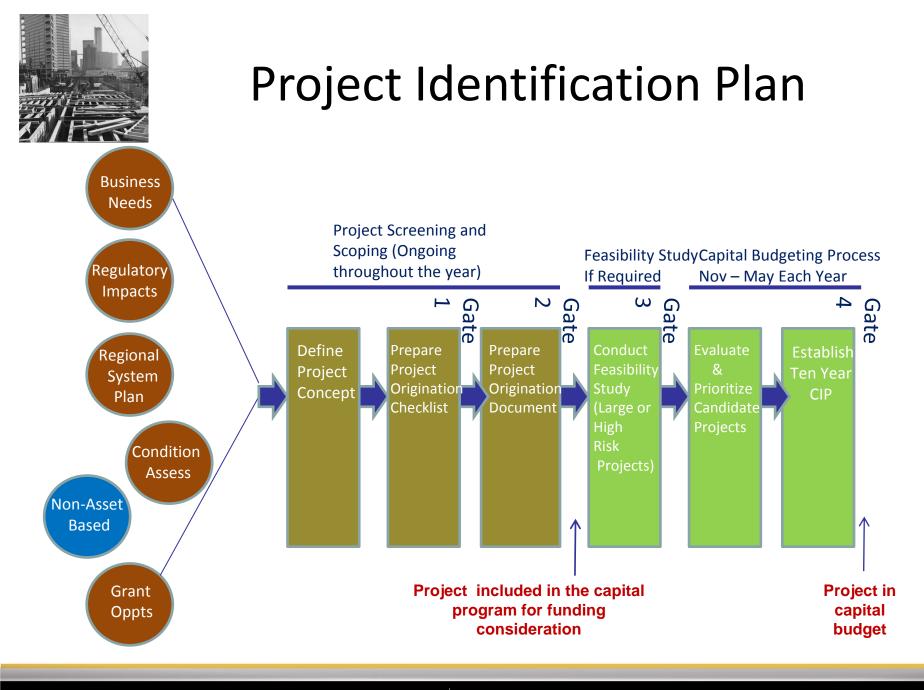

Project Delivery and Project Control

Do you have the processes and capacity in place to deliver the program and projects?

Project Delivery Tools

Project Origination Document

Project Origination Checklist

Project Initiative			
Is this initiative a new Concept?	Yes	No	
 If yes, has this concept been proven through the implementation at other Authorities? 	Yes	No	
 If no, is this project request based on a mandate or Authority Management directive? 	Yes	No	
Is this an Urgent Request?	Yes	No	
Have you begun implementation of this initiative?	Yes	No	
Does the initiative require physical changes to MARTA assets?	Yes	No	
If the initiative became a project would you consider implementation of the work scope to be of high risk due to project complexity?	Yes	No	
Will the initiative support the current MARTA Strategic Plan and Priorities?	Yes	No

Planning Level Full Project Lifecycle Cost Estimate

MARTA's AMP Framework

Current Initiatives

- Partnering with AssetWorks/Trapeze (EAM vendor)
 - Develop Capital Asset Planning (CAP) Module within EAM system
 - Update Performance Monitoring & KPI/Dashboard portal.
 - Implement Action Map
 - Non-traditional Criteria: *Environmental issues, Climate Adaptation*
- Partnering with Expert Choice (Decision Software vendor)
 - Develop decision making criteria
 - Load Project information
 - Implement new CIP planning & selection process

Goal: Electronically link EAM <u>output</u> to Decision Making software <u>input</u>

- Partnering with Intueor Consulting (Project Delivery & Controls)
 - Evaluate project management /monitoring tools (Microsoft Project, Primavera etc.)
 - Develop new business processes for CIP planning and Project Delivery Methods
 - Implement "best software solution" moving forward with established standards

Wouldn't it be nice...

One (1) asset file* accessible to <u>all</u> business units.

Reduced data redundancy

is worth considering.

(multiple data systems, processes and exercises in data mining)

Reduced # of software systems

(maintenance and license fees, lack of consistency amongst users)

marta

Reduced operating and capital costs WIIFM WIIFM Operations Maintenance (cost effective management over entire life cycle) WIIFM It's not all about Capital Costs!!! Finance New opportunities to invest reduce backlog WIIFM Budget improve service SGR new construction * one asset file may not be practical for your organization but if you have the opportunity it WIIFM ?

Plenty of models out there... with <u>similar</u> characteristics!

PAS 55 Prioritization Scheme

Don't forget who we're doing this all for...**the Customer**!

Transit is about moving people!

- safely
- efficiently and
- affordably

We need to be fiscally responsible for the investments that have been made for the public good.

Thank you for your time! Are there any Questions...
