

SHRP2 Webinars

Online webinars are now being offered to provide more information about the research and products coming out of the second Strategic Highway Research Program (SHRP2). Whether you are ready to adopt a SHRP2 Solution or want more technical details about a product, there is a SHRP2 webinar to meet your needs.

What if you're ready to try some SHRP2 Solutions, what help is available?

SHRP2 Implementation Assistance Program Webinars

The Federal Highway Administration is currently hosting webinars to introduce state departments of transportation, metropolitan planning organizations, and other interested organizations to the products and opportunities offered through the second round of SHRP2's Implementation Assistance Program. The webinars offer detailed product descriptions, tips and information about how to apply for assistance opportunities.

Upcoming Implementation Assistance Program webinars include:

- July 23, 12:00 to 1:30 p.m.** Expediting Project Delivery (C19)
- July 24, 12:00 to 1:30 p.m.** Performance Specifications for Rapid Renewal (R07)
- July 26, 12:00 to 1:30 p.m.** Managing Risk in Rapid Renewal Projects (R09)

A recording from the July 18th webinar about [Railroad-DOT Mitigation Strategies \(R16\)](#) is also available online. All webinar sessions are recorded and posted on the [SHRP2 Implementation Assistance](#) Program site.

Visit <http://www.fhwa.dot.gov/goshrp2/GetInvolved/ImplementationAssistance/> to register for upcoming webinars, find recordings of previous webinars, and learn more about the Implementation Assistance Program.

What if you need more background details and technical information about SHRP2 Solutions?

SHRP2 Tuesdays

Hosted by the Transportation Research Board, SHRP2 Tuesdays online webinars provide an in-depth look at emerging SHRP2 products, some of which are part of the current Implementation Assistance Program offering. Researchers present details about their work and the development of the product. Where products have been pilot tested or implemented, the user's experience is also included.

Upcoming SHRP2 Tuesday webinars include (all times 2:00 – 3:30 p.m. ET):

- July 30:** Integrating Priorities of Utility Companies and Transportation Agencies (R15B)
- August 6:** Establishing Monitoring Programs for Mobility and Travel Time Reliability (L02)
- August 20:** Managing Risk in Rapid Renewal Contracts (R09)

Visit <http://www.trb.org/SHRP2/webinars> to register for SHRP2 Tuesdays webinars, view the full fall schedule, and find archived sessions.

Other SHRP2-related Webinars

Look for SHRP2 Solutions to be featured in other transportation-related webinars focused on the specific highway challenges they address.
