

BIBLIOGRAPHY - EROSION CONTROL TECHNIQUES

Report of Committee on Roadside Development, Highway Research Board, 29th Annual Meeting (1950). Report on Roadside Grading and Drainage Design, pp. 12-57; Panel Discussion - - Erosion Control and Planting, pp. 58-63; Report of Project Committee on Roadside Equipment, pp. 94-104.

Ninth Ohio Short Course on Roadside Development, Proceedings (1950). Seeding the Roadsides, pp. 68-75; Straw Mats for Erosion Control, pp. 76-80; Panel Discussion on Roadside Development, pp. 81-98.

Erosion Control on California State Highways. Reprint by California Dept. of Public Works of a Series of Articles published in CALIFORNIA HIGHWAYS AND PUBLIC WORKS. (1950)

Sodding Contractor Contends With Hogs, CONTRACTORS AND ENGINEERS MONTHLY, December, 1950.

Roadside Machines in Action in Connecticut, CONTRACTORS AND ENGINEERS MONTHLY, October, 1950.

Report of Committee on Roadside Development, Highway Research Board, 28th Annual Meeting (1949). Climatic Factors Controlling Roadside Design and Development, pp. 9-19; Report of Project Committee on Turf Culture, pp. 104-106; Can Wood Contribute to Soil Improvement?, pp. 107-112; Motor-Operated Equipment in Roadside Development, pp. 113-118.

Slopes Stabilized as Job Progresses, CONTRACTORS and ENGINEERS MONTHLY, March, 1949.

Report of Committee on Roadside Development, Highway Research Board, 27th Annual Meeting (1948). Special Grass Plantings on Airfields, pp. 29-31; Stating Seed Requirements in Specifications, pp. 32-37.

Seventh Ohio Short Course on Roadside Development, Proceedings (1948). Fertilizer, Limes, Mulches, pp. 57-64; Panel Discussion on Roadside Development, pp. 65-75.

Policy on Maintenance of Roadsides, American Association of State Highway Officials, 1948.

Straw Mulch Placed Rapidly by Machine Methods, C. R. Hanes, ROADS AND STREETS, April, 1948.

Developments in the Use of Mulches and Grasses for Erosion Control of Highway Roadsides, Fred R. Bruto, Highway Research Abstracts, April, 1947.

Sixth Ohio Short Course on Roadside Development, Proceedings (1947). Asphalt Mulch in Seeding Operations, pp. 43-46; Specifications Covering Landscape Development Operations, pp. 47-53.

Report of Committee on Roadside Development, Proceedings, Highway Research Board, Vol. 24, pp. 157-166. (1944)

Report of Committee on Roadside Development, Highway Research Board, 23rd Annual Meeting (1944). Report of Project Committees on Erosion Control and Plant Ecology; and Cooperative Agreement Project Analyses, pp. 17-21; Turf for Airfields and Roadside Development, pp. 21-28.

Report of Committee on Roadside Development, Highway Research Board, 22nd Annual Meeting (1943). Ground Covers for Wartime Use, pp. 31-41; Report on Cooperative Agreement Project Analyses, pp. 42-47; Seeding Operations and Slope Protection on the Pennsylvania Turnpike, pp. 89-111.

Report of Committee on Roadside Development, Highway Research Board, 21st Annual Meeting (1942). Report of Project Committee on Erosion, pp. 31-46; Grass Ground Covers for Highway Areas, pp. 64-96; Turf for Protection of Gutters and Slopes, pp. 97-108.

Cotton Fabric for Erosion Control, PUBLIC ROADS, July-August-September, 1942.

The Naturalization of Roadbanks, C. R. Hursh, Appalachian Forest Experiment Station, Technical Note No. 51 (1942).

Turf for Airfields and Other Defense Projects, John Monteith, Jr., TURF CULTURE, March, 1942.

Erosion Protection of Highway Cuts and Embankments, Francis C. Murphy, A Series of Seven Articles, THE HIGHWAY MAGAZINE, Nov., Dec., 1939; Feb., Mar., Apr., May, June, 1940.

Prevention and Control of Gullies, U. S. Dept. of Agriculture Farmer's Bulletin, No. 1813. (1939)

Erosion on Roads and Adjacent Lands, U. S. Dept. of Agriculture Leaflet No. 164. (1938)
