Introduction to Blockchain and Airport Operations in a COVID-19 Environment

Blockchain Data Sharing

August 5, 2020

The National Academies of
SCIENCES · ENGINEERING · MEDICINE
TRB
TRANSPORTATION RESEARCH BOARD

ACRP
INSIGHT EVENT

Blockchain Data Sharing

Housekeeping

- Session will be recorded and uploaded to ACRP's website

- Questions can be submitted using the Q&A feature located in the control panel

Blockchain Data Sharing

Airports

- Airports require data to be shared across multiple organizations

- Data are often siloed for competitive and other reasons

- Siloed data may hinder communication and coordination

- Blockchain can enable untrusted parties to share information

Blockchain Data Sharing
