

Moving People and Goods Sessions at 2024 TRB Annual Meeting

Day	Time	Session: Number and Title						
Sunday	9:00 am–12:00 pm	1031-Accelerating Mobility Innovation: Overcoming Challenges and Re-envisioning Opportunities, Part 1		1032-Microtransit and Other On-Demand General Public Services Provided by Transit Agencies				
	1:30 pm–4:30 pm	1040-Planning for the Infrastructure Needs of Micromobility: Bike Lanes, Parking, and Electrification	1046-We Have a Tool for That: Tools to Analyze Local-, State-, and National-Level Transportation Trends		1071-Accelerating Mobility Innovation: Overcoming Challenges and Re-envisioning Opportunities, Part 2			
Monday	8:00 am–9:45 am	2008-Public Transport and Transportation Demand Management: From Interventions to Evaluation		2028-Mobility Hubs: Improving Access Through Research and Practice	2030-Intermodal Freight Transportation Interactive Research Charette	2031-Planning for Trucks		
		2036-Freeway Operations Research	2053-Advancements in Passenger Rail Operations and Planning	2054-Recent Freight Rail Research	2055-Optimization of Freight Transportation and Logistics Systems			
	10:15 am–12:00 pm	2062-Addressing Statistical Bias and Uncertainties in Transportation Demand and Safety		2064-Innovations in Mobility Services: Enhancing Integration, User Choices, and Policy Implications		2085-Bus Transit Quality of Service	2086-How Do I Get There?: Assessing Transit Access	
		2087-Current Trends in Railroad Operating Technologies		2088-Last Mile Challenges and the Importance of Curbside Management		2089-Intermodal Freight and the Media: Why Getting the Story Right Matters		
		2098-Applications and Innovations in Urban Travel Data		2099-Innovations in Big Urban Data Applications	2100-Census Data Time Series: Investigating Changes in Population, Households, and Behavior Over Time			
		2111-Research on Carsharing, Shared Micromobility, and Other Shared Mobility Services		2113-Understanding Passenger Flow: Discover Optimal Management Method and Station Design		2116-Changing Transit Customer Use Patterns		
	1:30 pm–3:15 pm	2150-First- and Last-Mile Connections to Transit: Shared Micromobility and Microtransit		2152-Freight Rail Transportation Research Needs	2154-Current Research on International Trade and Transportation		2160-Measuring Local and Global Freight Activity	
		2161-Unveiling the Journey: Analyzing Travel Behavior Across the COVID-19 Spectrum		2163-Travel Behavior Shaped by Urban Form, Neighborhood, and Related Factors		2172-First-Mile and Last-Mile Access to Transportation Hubs and Rail Stations		
	3:45 pm–5:30 pm	2181-Measuring Long-Distance Travel and Its System-Wide Impact		2182-Urban Data Analysis Using GIS		2201-Electric Vehicle Policies and Impact on Consumer Behavior and Access		
		2204-Economic Development and Intercity Rail: Analysis of Accessibility, Property Prices, and Energy Consumption		2206-Integrated Perspectives in Freight Transportation Economics: Freight Operations and Optimization Strategies		2208-Freight Systems and Marine Transportation Work in Progress: A Lectern-Poster Session		
Tuesday	8:00 am–9:45 am	3001-Modern Transportation System Management and Operations: So Much More Than Travel Times and Vehicle Throughput	3007-Innovative Data Approaches to Inform Freight Planning and Analysis		3008-At the Intersection of Development and Transport: Affordability, Vehicle Miles Traveled, and Mode Shifts		3031-Shared Use Mobility Practices Being Used in Rural and Small Urban Communities	

Moving People and Goods Sessions at 2024 TRB Annual Meeting (continued)

Tuesday		3033-Exploring the Costs of Climate Change on International Trade and Transportation	3036-Ferry Operations: Decarbonization and Sustainability	3047-Recent Research Findings: The Effects of Information and Communication Technologies on Transportation Choices	3062-Recent Trucking Industry Research	
	10:15 am–12:00 pm	3072-The Bureau of Transportation Statistics Freight Program: New Data and Future Directions	3094-Land Use, Vehicle Miles Traveled, and Behavioral Approaches to Reduce Greenhouse Gas Emissions	3096-Light Rail Transit Operations and Rider Experience	3098-Transitioning Toward Low Emission Vehicles in Urban Freight	
	1:30 pm–3:15 pm	3129-Evolving Consumer Choices, Smartphones, Remote Work, Information and Communication Technology, and Mobility	3149-Rail Transit Capacity and Quality of Service		3150-Unlocking Rural Mobility: A Journey Through Innovative Solutions Using Demand Response Services	3154-The Latest in Trucking Industry Research
		3157-Inland Waterways Resiliency and Impact on Agriculture Supply Chains		3176-Freight Demand and Choice Modeling Using Advanced Data Sets	3177-Agriculture and Food Transportation Research	
	3:45 pm–5:30 pm	3206-New Insights into Transit Customer Behavior and Market Research		3207-Reflecting Changing Transit Customer Use Patterns		3209-Advances in Last-Mile Package Delivery and Logistics
		3211-Persistent Impact of the COVID-19 Pandemic on Passenger Processing in Airport Terminals		3214-Bicycle Safety, Planning, and Design: Research to Support Better Bicycling Conditions		3216-The Effects of Information and Communication Technologies on Transportation Choices
	6:00 pm–7:30 pm	3228-Novel Data and Methods for Walking, Cycling, and Scootering				
Wednesday	8:00 am–9:45 am	4005-Elevating Travel Behavior Research with Cutting-Edge Methods	4006-How Could Technology and Post-Pandemic Work Norms Change Travel Behavior?	4007-All About Carpooling: What It Takes to Switch and Why It Matters	4021-Economics and Equity of Shared Mobility Services	
		4023-Advances in Methodologies and Data in Freight Transportation Planning	4027-Omnibus Session on Bicycle Modeling and Shared Micromobility Research		4046-Emerging Trends in Urban Freight Transportation	4047-Research in Ports and Container Terminals
	10:15 am–12:00 pm	4053-Navigating the Future: Travel Behavior in the Age of New Mobilities		4065-Current Trends in Agriculture and Food Transportation		4067-Integrated Advanced Air Mobility with Landside First- and Last-Mile Connections
		4068-Traffic Flow Theory, Part 3: Network Modeling and On-Demand Mobility, Part 1			4073-Transportation Demand Management, Tolling, and Congestion Pricing	
	3:45 pm–5:30 pm	4082-Persistent Impact of the COVID-19 Pandemic on Airport Ground Access			4084-Advancing Travel Forecasting Methods and Practices	
Thursday	9:00 am–12:00 pm	5007-Hybrid Work, Activity Patterns, and Travel Choices in the Post-Pandemic Era
