

Transportation Infrastructure Group (AK) Construction Section (AKC)

Construction Management Committee (AKC10)

Tuesday, Jan 07, 2025 8:00AM - 12:00PM, Marquis Salon 3 (M2) / Marriott Marquis

Scope: This committee is concerned with management of construction for all types of transportation facilities. This includes the integration of construction management in planning, design, and construction for the performance of projects for the purpose of meeting or exceeding requirements related to quality, scope, cost, schedule, context, variable financing, and worker safety.

Chair: Jennifer Shane jsshane@iastate.edu

Project Delivery Methods Committee (AKC20)

Wednesday, Jan 8, 2025 8:00AM - 12:00PM, Marquis Salon 3 (M2) / Marriott Marquis

Scope: This committee is concerned with existing and emerging project delivery methods for all modes of transportation. Methods include design-build, construction manager/general contractor, public private partnerships and other alternative delivery practices.

Chair: Jay Hietpas jay.hietpas@state.mn.us

Quality Assurance Management Committee (AKC30)

Wednesday, Jan 8, 2025 8:00AM - 12:00PM, Marquis Salon 4 (M2) / Marriott Marquis

Scope: This committee is concerned with all aspects of quality management as related to the design, construction, materials, performance, maintenance and rehabilitation of transportation facilities. Specifically, it focuses on the development and application of both engineering and statistical knowledge toward sound, practical and effective quality assurance procedures, as well as methods to achieve quality transportation facilities to meet the needs of the traveling public.

Chair: Dimitrios Goulias dgoulias@umd.edu

Construction of Bridges and Structures Committee (AKC40)

Tuesday, Jan 07, 2025 1:30PM - 5:30PM, Scarlet Oak (Mezz) / Marriott Marquis

Scope: This committee is concerned with all aspects of the construction of structures for transportation systems excluding tunnels.

Chair: Chiara Rosignoli crosignoli@haedestyanover.com

Concrete Pavement Construction and Rehabilitation Committee (AKC50)

Monday, Jan 06, 2025 1:30PM - 5:30PM, Marquis Salon 3 (M2) / Marriott Marquis

Scope: This committee is concerned with all factors relating to the construction and rehabilitation of concrete pavements.

Chair: Jagan Gudimettla jagan.m.gudimettla.ctr@dot.gov

Asphalt Pavement Construction and Rehabilitation Committee (AKC60)

Tuesday, Jan 07, 2025 8:00AM - 12:00PM, Marquis Salon 4 (M2) / Marriott Marquis

Scope: This committee is concerned with the construction, rehabilitation and recycling of asphalt pavements. Areas of interest include: construction methods and procedures, in-place recycling techniques, plant production issues which impact construction operations, and paving equipment.

Chair: Adam Hand adamhand@unr.edu

Fabrication and Inspection of Metal Structures Committee (AKC70)

Wednesday, Jan 08, 2025 8:00AM - 12:00PM, Georgetown University (M1) / Marriott Marquis

Scope: This committee is concerned with the fabrication, manufacturing, and inspection of metal structures.

Chair: Leslie Daugherty Leslie.daugherty@alaska.gov
