

# International Coordinating Council (A0020C)

## **International Coordinating Council (A0020C)**

Monday, Jan 06, 2025 8:00AM - 12:00PM, Independence Salon D (M4) / Marriott Marquis

Scope: This council concentrates on the evolution of an international perspective, practices, and research in all facets and services of all modes of transportation. The Council brings together experts from the TRB technical committees and external organizations to collaborate on important issues affecting the safe and secure movements of goods and people in the United States and around the globe. The Council will also provide input to the Technical Activities Council and TRB leadership regarding TRB programs and activities on the behalf of the international stakeholders.

Co-Chair: Caroline Almeras
