## EXPERIENCE (CONTINUED)

### **Airport Manager**

City of Pekin Municipal Airport, Pekin, Illinois  
(November 2012 – January 2017)

- Ensured the safe, efficient, effective, sustainable, and accountable operation of the airport within the authority vested through the City of Pekin and in accordance and compliance with Federal Aviation Administration (FAA) rules, regulations, directives, and advisory circulars
- Provided leadership, oversight, coordination, direction and development of the general aviation airport as set forth in the Airport's mission, vision, master plan, layout plan, strategic plan, minimum standards, policies, rules, and regulations, with a variety of supervised staff
- Maintained responsiveness to airport tenants, users, and community needs, while supporting and promoting the National Air Transportation System and the Illinois Aviation System
- Executed short-term and long-term strategies to help the airport serve as a crucial component to the Pekin and Greater-Peoria Area transportation infrastructure and in turn contribute to the advancement, growth, and economic development of the region
- Encouraged appropriate intergovernmental and public-private relationships at local, intrastate, interstate, and international levels between a multitude of media outlets, advocacy groups, training organizations, academia, policymakers, and governments
- Prepared annual and multi-year capital/operational budgets and recommended policy

### **Graduate/Research Assistant**

Southern Illinois University, Carbondale, Illinois  
(June 2010 – November 2012)

- **Airport Safety Data Collection 5010/National Based Aircraft Inventory Program**  
Administered annual budget and grant process; prepared and edited airport inspection services contracts; updated, reviewed, analyzed, and uploaded airport inspection/inventory data (aircraft operations, based aircraft, pavement condition etc.) into national database; assisted with airport inspections; acted as a liaison between airport managers, local government officials, state aeronautic officials, the Federal Aviation Administration (FAA), and other entities including legal offices; and, prepared and distributed the 5010 program newsletter distributed among all participating States
- **Served as a researcher** for the Transportation Research Board (TRB), Airport Cooperative Research Program (ACRP), *Guidebook for Developing General Aviation Airport Business Plans*, and, *Social Media and Primary Commercial Service Airports*
- **Participated in Various Departmental Activities** including assistance in faculty research, policy review, departmental class preparation, guest lecturing, facility management, and numerous other academic and administrative duties
