TRB Snap Search: Cybersecurity

TRB’s involvement in research on Cybersecurity from 2019-2023

The Transportation Research Board (TRB) provides innovative, research-based solutions to improve how we move. TRB is part of the National Academies of Sciences, Engineering, and Medicine, an independent, non-profit institution that provides objective advice on scientific, engineering, and medical issues.

A resource to the nation and to the transportation community worldwide, TRB provides an extensive portfolio of services:

- Opportunities for information exchange on current transportation research and practice
- Management of cooperative research and other research programs
- Analyses of national transportation policy issues and guidance on federal and other research programs
- Publications and access to research information from around the world

All available Snap Searches can be accessed online here: http://www.trb.org/InformationServices/Snap.aspx

Upcoming Projects

Reports from the National Academies Press on Cybersecurity

- Anticipating Rare Events of Major Significance
- Cryptography and the Intelligence Community: The Future of Encryption
- Advanced Battle Management System: Needs, Progress, Challenges, and Opportunities Facing the Department of the Air Force
- Digital Strategy for the Department of the Air Force
- Human-AI Teaming: State-of-the-Art and Research Needs
- Looking Ahead at the Cybersecurity Workforce at the Federal Aviation Administration
- Necessary DoD Range Capabilities to Ensure Operational Superiority of U.S. Defense Systems
- Energizing Data-Driven Operations at the Tactical Edge
- Nuclear Proliferation and Arms Control Monitoring, Detection, and Verification
- The Future of Electric Power in the United States
- Key Challenges for Effective Testing and Evaluation Across Department of Defense Ranges
- Empowering the Defense Acquisition Workforce to Improve Mission Outcomes Using Data Science
- Advanced Technologies for Gas Turbines
- Communications, Cyber Resilience, and the Future of the U.S. Electric Power System
- Advancing Aerial Mobility
- Safeguarding the Bioeconomy
- Air Force Software Sustainment and Maintenance of Weapons Systems
- Models to Inform Planning for the Future of Electric Power in the United States
- A Quadrennial Review of the National Nanotechnology Initiative
- A Strategic Vision for Biological Threat Reduction
- Implications of Artificial Intelligence for Cybersecurity
- Beyond Spectre: Confronting New Technical and Policy Challenges
- Robust Machine Learning Algorithms and Systems for Detection and Mitigation of Adversarial Attacks and Anomalies

Committees & Panels

Sign-up to be a committee "Friend"

**TRB Standing Committees** - Search by transportation mode and committee topic

- AED30 - Information Systems and Technology
- AIL40 - Emerging Technology Law
- AMR10 - Critical Transportation Infrastructure Protection
- AMR40 - Systems, Enterprise, and Cyber Resilience
- AV090 - Aviation Security and Emergency Management

**Task Forces** - Search for task force under committee here

Project Panels

- **D03127** - Cybersecurity of Traffic Signals and Related ITS Equipment
- **D205948** - Protection of Transportation Infrastructure from Cyber Attacks
- **D2303** - Targeted Guidance and Information Support to State DOT CEOs on Cybersecurity Issues and Protection Strategies
- **DA0503** - Mitigating and Responding to Airport Cybersecurity Events

Councils

- **A001C** - Young Members Coordinating Council

Recent and Upcoming Events

Upcoming TRB Conferences - Use left hand menu to filter events
Measuring Supply Chain Performance: Metrics, Data, and Policy Perspectives
April 12-13, 2023
Washington, D.C.

National Aviation System Planning Symposium
May 15-18, 2023
Irvine, CA

National Conference on Transportation Asset Management
July 8-11, 2023
Boston, MA

TRB’s Transportation Research Information Services (TRIS)
TRIS includes the TRB Library and the TRIS Databases (listed below) which are available free on TRB’s website.

The TRB Library provides information services to TRB staff, sponsors, TRB Committee members and panels and researchers. Access to the TRB Library is a benefit to TRB sponsors and TRB committee members.

In cooperation with your State DOT Library or Information Service, the TRB Library provides:

- Reference and research assistance
- Literature searches
- Articles for TRB Committee work

The TRB Library provides training on effective and efficient use of the following TRIS resources:

- Transportation Research International Documentation (TRID) – trid.trb.org - The world's largest and most comprehensive bibliographic source on all modes and disciplines of transportation
- Transportation Research Thesaurus (TRT) – trt.trb.org - A tool to improve the indexing and retrieval of transportation information.
- Research in Progress (RiP) Database – rip.trb.org - Current or recently completed transportation research projects
- Publications Index (PubsIndex) Database – pubsindex.trb.org - The papers, articles and reports published by the Transportation Research Board, Strategic Highway Research Programs or the Marine Board
